M Tech Programmes

Department of Chemical Engineering

Chemical Engineering
Environmental Science and Technology
Industrial Biotechnology

Department of Civil Engineering

Environmental Engineering
Geotechnical Engineering
Structural Engineering
Transportation Engineering
Construction Technology & Management

Department of Computer Science and Engineering

Computer Science & Engineering
Computer Science & Engineering – Information Security

Department of Electrical & Electronics Engg.

Power & Energy Systems

Department of Electronics & Communication Engg.

VLSI Design
Signal Processing and Machine Learning
Communication Engineering and Networks

Department of Information Technology

Information Technology

Department of Mechanical Engineering

Thermal Engineering
Manufacturing Engg.
Mechatronics Engg.
Mechanical Design

Department of Metallurgical & Materials Engg.
Materials Engineering
Process Metallurgy
Nanotechnology

Department of Mathematical & Computational Sciences

Computational and Data Science

Department of Water Resources and Ocean Engineering (Formerly Applied Mechanics and Hydraulics Department)

Water Resources Engineering & Management
Marine Structures
Remote Sensing and GIS
